NEVADA MAN IS STUDYING LAND LAWS OF HAWAII

Jay H. Clemmons, Owner of Big
Acreages, Praises Climate
and Scenery of Islands

Jay H. Clemmons, one of the officers
and principal stockholders of the
Union Land & Feed Company of Ne-
vada and California, arrived here this
week from his home at Reno, Nevada.
He is accompanied by his wife and
two young daughters. They are touring
the islands and plan to spend the
next several days taking in points of
interest on Oahu. They returned
Thursday from a visit to the Volcano
on Hawaii and are stopping at the
Moana.

The Union Land & Feed Company,
of which Mr. Clemmons is one of the
directing heads, owns 275,000 acres
of land in Nevada and California.
Their holdings extend for a distance
of about 600 miles through Nevada
from the Sierra range, comprising
thousands of acres of rich land given
over to raising alfalfa. The balance
is devoted to range for thousands
upon thousands of head of cattle,
horses, sheep and pigs.

It is understood that one of the
plans of the company now is to sub-
divide a large portion of these hold-
ings for settlement. One of the pur-
poses of Mr. Clemmons' visit to Ha-
waii is to study the land laws here
and become familiar with the meth-
od used by this territory in appor-
tioning land to homesteaders. Gov-
ernor Pinkham today furnished Mr.
Clemmons with a quantity of literature
relative to lands in Hawaii and it is
probable that from this plan for
Mr. Clemmons' company handling its
Nevada holdings will be evolved.

In addition to stockraising the Uni-
on Land & Feed Company is also en-
gaged in the slaughtering business and
a large portion of its stock is slan-
dered and sold by the company at San
Francisco.

"We have been very much delight-
ed with our visit to Hawaii," said Mr.
Clemmons this morning. "You have a
fine climate, scenery that is a pleas-
ing contrast to that of Nevada and a
charm which I am certain would grow
upon one who would dare to linger
here too long. I am certain that Mrs.
Clemmons, the children and myself will
always want to return."

"I was much surprised to learn that
you have only such a small amount
of available public land here. In Ne-
vada we have more than eight hundred
million acres of public land and it
will be years before it is settled. But
the time is coming when practically
all of it will be utilized. The back to
the land movement is only getting un-
der way now. The time is nearly
here when the man with a family who
owns 160 acres of tillable land will be
more independent than the governor
of a state."

RUNAWAY BOYS FOUND SLEEPING UNDER HOUSE

Three Hawaiian boys, aged about
10, 12 and 14 years, respectively,
were found sleeping under a tenement
house on Aali street early this morn-
ing by the police. The boys were
dressed in a corner of the jail until noon
today when they were turned over to
the probation officer.

Deputy Sheriff Julius W. Asch says
the boys admitted running away from
home and living on the street by
stealing fruit from Japanese stores.
Former Probation Officer "Dad" Hut-
ton says two of the trio were in his
custody once before for stealing
bread. They were released to appear
for trial, he says, but did not come
back.

Before the youngsters left the city
jail today they were given a big
"feed," the first real meal they had
eaten for several days, they say.

HEARING BEFORE BOARD REQUESTED BY BROWNS

"Anyone has the right to appear be-
fore and demand a hearing by the
school commissioners," says Henry
W. Kinney, superintendent of public
instruction, referring to the applica-
tion for a hearing made by H. C.
Brown and Mrs. Brown, formerly
principal and teacher, respectively,
at the Waimea, Kauai, school. The
Browns were not reappointed at the
recent annual meeting of the school
board. Kinney says he has no idea
one way or the other whether the
school board will consider reopening
the Brown case.

KAIMUKI IMPROVEMENT CLUB ELECTS MEMBERS

John F. G. Stokes, a member of the
Puuhi Improvement Club, active in
the campaign for an outlet for the dis-
trict, was elected to membership in
the Kaimuki Improvement Club at its
meeting Thursday night. Stokes
moved into Kaimuki some time ago
but still owns property in Puuhi and
has been keeping up his work for
Puuhi.

Dr. William F. James and his son,
Frank L. James, were also elected to
membership.

ARRESTED ON SUSPICION

Two Filipinos, Francisco and Deo-
dora, were arrested early this morn-
ing, asleep on the porch of a ten-
ement house near Aali Park. They
will be held pending investigation of
the robbery early yesterday morning
of the Sing Yuen and Sin Hop Chi-
nese stores in that vicinity. Consid-
erable merchandise was carried away
from both places. Entry was made
by breaking windows and lifting in-
side door hooks.

WOMAN A PHYSICAL WRECK

Tells in Following Letter How
She Was Restored to Health
by Lydia E. Pinkham's
Vegetable Compound.

Milwaukee, Wis. — "Before taking
Lydia E. Pinkham's Vegetable Com-
pound I was a phys-
ical wreck. I had
been going to a doc-
tor for several years
but he did me no
good. A friend told
me about Lydia E.
Pinkham's Vegeta-
ble Compound, so I
decided to give it a
fair trial, and it gave
me relief from bear-
ing down pains
which had been so bad that I would have
to lie down. I also used the Sanative
Wash and it has done me a great deal of
good, and I am not troubled with a weak-
ness any more." — Mrs. P. L. Rull,
1299 Booth Street, Milwaukee, Wis.

The most successful remedy for wo-
man's ills is Lydia E. Pinkham's Vege-
table Compound. It has stood the test
for forty years, which would be impos-
sible if it did not have genuine merit.
